

**Research area in My Monash Portal** (Link: <https://my.monash.edu.au/>)

- Do you seek information about services for researchers at Monash University?
- Are you trying to find out what's possible at Monash?
- Do you want a shortcut to all the common services you need, all from the one place?

The Monash IT Services Division, in conjunction with the Monash e-Research Centre, and the various research service providers, has been working to bring together into the my.monash portal all the information, services and tools that researchers might need under the new my.monash portal 'Research' tab.

The Research tab contains an extensive range of links provided by groups such as MRGS, Research Office, Faculties and the Library.
