

Linisher or belt/disk sander

DO NOT use this machine unless you are authorised or have been instructed in its safe use and operation.

POTENTIAL HAZARDS

Entanglement	Med velocity particles	Grazing
Burns	Dust	

PROTECTIVE EQUIPMENT REQUIRED

Protective clothing	Eye Protection	Steel Capped Boots
Long Hair restrained	Extraction	Dust Mask

PRE-OPERATION

- Ensure good housekeeping in work area
- Do not wear loose clothing or jewellery
- Inspect equipment before use, for damaged parts and cords
- Ensure all guards and shields in place
- Do NOT sand small or thin pieces of material as they can jam between the table and the abrasive surface.
- Check distance between work rest and wheel.

OPERATIONAL SAFETY

- Check visually that linishing pad surface is in good condition.
- Always be sure to sand against the direction of the disk.
- Wear dust mask if required
- Keep fingers and hands away from the rotating abrasive surface.
- Do not push materials against sanders with excessive force.
- Do not operate if the abrasive paper disk is loose or torn.
- Dip work piece in water or allow cooling regularly if getting hot

POST-OPERATION

- Always isolate tool before servicing or when not in use
- Ensure you clean up work area
- Place all tools used back where they belong

PROHIBITED

- Do not wear gloves while linishing or sanding

This Document does not replace training; it covers hazards associated with normal use and therefore may not cover all possible hazards associated with the machine. Refer to the user's manual for further information. It is designed to be used as a summary of a Safe Work Instruction and to act as a reminder to users prior to machine use.
