

Would the owner of...

The following components were sent to **REHABTech** early March for inspection:

- Failed pylon adaptor
- Failed foot adaptor

Before proceeding with a detailed examination, we require the name of the person or company that forwarded these components. Please contact rehabilitation engineer Ross Stewart on (03)9528 1960.

\$1M for Distance Learning Initiative

Under a proposal announced in March, La Trobe University and the University of New South Wales will collaborate to develop a flexible, distance learning mode for off-campus Bachelor of Prosthetics and Orthotics students. Over a period of three years, the federal government will provide \$1 million dollars for the project.

TechGUIDE on the Net

The *TechGUIDE* on www.monash.edu.au/rehabtech/ has been updated to allow feedback on components and the inclusion of unlisted components (i.e. those components that have failed to meet minimum benchmark standards, have no local supplier or have been superceded). Feedback on componentry will not be published on the website if the source is anonymous or claims are unsubstantiated.
