October, 1997

NSW Prosthetic Advisory Committee

To ensure equitable access to effective and efficient prosthetic services of the highest quality standards, the NSW Health Department is establishing an Advisory Committee for the NSW Artificial Limb Service to help identify key issues and make recommendations with regard to policy development. There is broad representation and those with issues to put forward should contact Mrs Lee McQuire (Manager ALS) on 02 9816 0221 for the details of their representative.

November PISClinic and Update Seminar: Brisbane 3 November 1997

REHAB *Tech* will be in Brisbane on the November 3rd. The Prosthetic Industry Support Clinic is conducted with the full support and co-operation of the local treating agencies and deals with difficult clinical cases. An Update Seminar will also be conducted at this time, the details of which will be forwarded to Queensland facilities soon.

The Internet for Health Professionals in Prosthetics and Orthotics

This course will be held on 8th of October. If you have not received information about your registration, please contact us immediately.
