AusAID Australia Awards
Scholarships for Latin America

Melbourne, Australia
Monash University, was established in 1958 and in a little more than 50 years has earned an international reputation for research and teaching excellence. In the past 10 years we have built our ambitions to become the largest university in Australia and have extended our reach across the globe. We have an international network of more than 280,000 graduates and five Australian campuses as well as two international campuses – in Sunway, Malaysia and South Africa – a Joint Graduate School in China, international centres in Italy and India and a network of partners across the world.

Monash University is ranked amongst the world’s most prestigious universities.

We measure ourselves against international standards:

- ranked in the top 100 of world universities (Times Higher Education World University Rankings 2012 – 2013).
- in the top 40 universities in the world for Clinical, Pre-Clinical and Health.
- First in Australian universities for Chemistry
- Equal first in Australia for Computer Science.
- sixth in the world for Education
- equal seventh in the world for Pharmacy and Pharmacology
- 13th in the world for Law
- 18th in the world for Accounting and Finance
- 21st in the world for Communication and Media Studies
- 23rd in the world for Geography
- 25th in the world for Chemical Engineering
- 26th in the world for Civil and Structural Engineering
- 26th in the world for Economics and Econometrics
- 29th in the world for Medicine.

The Times Higher Education World University Rankings 2012 – 2013 rated us:
- in the top 40 universities in the world for Clinical, Pre-Clinical and Health.
- First in Australian universities for Chemistry
- Equal first in Australia for Computer Science.

Academic Ranking of World Universities 2013 rated us:
- First in Australian universities for Chemistry
- Equal first in Australia for Computer Science.

QS World Subject Ranking 2013 rated us:
- sixth in the world for Education
- equal seventh in the world for Pharmacy and Pharmacology
- 13th in the world for Law
- 18th in the world for Accounting and Finance
- 21st in the world for Communication and Media Studies
- 23rd in the world for Geography
- 25th in the world for Chemical Engineering
- 26th in the world for Civil and Structural Engineering
- 26th in the world for Economics and Econometrics
- 29th in the world for Medicine.

Monash University is located in Melbourne, Australia

Live in the world’s most liveable city

Melbourne is the capital city of the State of Victoria. Victoria is located in south eastern Australia and has unique natural attractions and cultural opportunities to explore and enjoy.

In Victoria, 45 per cent of people were born overseas, or have a parent who was born overseas. You will hear people speak more than 150 different languages. In a ranking of 140 cities all around the world, Melbourne was rated as the world’s “most liveable” city for two consecutive years (Economist Intelligence Unit 2011 and 2012). The report rates Melbourne as the ideal destination thanks to a widespread availability of goods and services, low personal risk and effective infrastructure. It has also been ranked as Australia’s best city for students and fourth in the world according to the QS Best Student Cities ranking 2012.

The city’s major attractions

Arts and culture – Melbourne hosts a number of international cultural events and festivals each year.

The Melbourne International Arts Festival and the Melbourne International Comedy Festival are favourites.

Sport – Melbourne is home to major sporting events including the Australian Tennis Open, the Spring Racing Carnival and the Australian Grand Prix.

Cafes and restaurants – Melbourne is famous for its coffee culture and unique laneway cafes.

Shopping – With its large department stores and busy markets, Melbourne is known as the shopping capital of Australia.

Entertainment – Melbourne is home to a number of amusement parks, recreation precincts, zoos, parks and gardens.

Night-life – At night, the streets light up with a variety of theatres, bars, night-clubs, restaurants and concerts.

Our campuses

Monash University has five campuses in metropolitan Melbourne. Each campus offers a different lifestyle and opportunities.

- Berwick
- Caulfield
- Clayton
- Parkville
- Peninsula

With all of our campuses located close to public transport, getting around Melbourne is easy and affordable.

Learn how you can make a difference

What is the Australia Awards Scholarship?
The scholarships provided through the Australian Agency for International Development (AusAID) are intended to help people overcome poverty through sustainable economic development. The cooperation program for Australian development is focused on the areas presenting the greatest need and those in which Australia can make a difference, which include food security, rural livelihoods, climate change and natural resource management.
The aim of the program is for successful applicants to acquire the skills and knowledge needed to drive change and exert their influence on the economic and social development of their country of origin. Monash University has a long and proud history of involvement in the Australian government's international scholarship program. Since the 1960s we have welcomed many students from the Asia-Pacific region, and more recently Africa, the Middle East, Caribbean and Latin America.

Choose your study option

Coursework or research?
There are two ways to study for a postgraduate degree:
■ by coursework
■ by thesis only or by thesis with a coursework component.

Coursework study options
Monash offers postgraduate courses following a subject-based program. These are programs where the majority of work is selected from a list of subjects of study. There are set classes and an outline for each subject. Many of the coursework programs offered by Monash allow you to enrol in a minor thesis where you can specialise in a topic of interest.

Research study options
Monash offers research degrees that are either 66 per cent or 100 per cent thesis-based. The research is presented and assessed as a thesis. The aim of a research degree is to produce an original work of scholarship that will contribute substantially to the understanding of the subject matter. Students who undertake a master's by research will complete a thesis over a two year period. Students undertaking a master's by research and coursework will follow a subject based program and then complete a thesis within one year.

Priority sectors and courses
Monash offers a range of courses suited to the developmental needs of AusAID and its scholarship awardees.

Governance
Master's programs by coursework
■ Master of Applied Econometrics
■ Master of Applied Finance
■ Master of Banking and Finance
■ Master of Business (Accounting)
■ Master of Business Economics
■ Master of Diplomacy and Trade
■ Master of Education
■ Master of European and International Studies
■ Master of Human Rights Law
■ Master of International and Comparative Law
■ Master of International Crisis Management
■ Master of International Development Practice
■ Master of International Relations
■ Master of Laws
■ Master of Laws (Human Rights)
■ Master of Public Policy and Management
■ Master of Regulatory Studies
■ Master of Tourism
■ Master of Workplace and Employment Law

PhDs
■ Doctor of Juridical Science
■ Doctor of Philosophy (Faculty of Law)
■ Doctor of Philosophy (Faculty of Arts) (Focusing on Governance studies such as International Relations, Politics, Crime, Criminal Justice, Security and Policing)
■ Doctor of Philosophy (Faculty of Business and Economics) (Focusing on Economics, Public Financial Management, Public Policy, Trade Policy)

Natural Resource Management
Master's programs by coursework
■ Master of Bioresource Engineering
■ Master of Business (Focusing on Supply Chain Management)
■ Master of International Development Practice
■ Master of International Sustainable Tourism Management

PhDs
■ Doctor of Philosophy (Faculty of Arts) (Focusing on Environment and Governance, Corporate Environmental and Sustainability Management, and International Development and Natural Resource Management).

Water
PhDs
■ Doctor of Philosophy (Faculty of Engineering) (Focusing on Water Resources)
■ Doctor of Philosophy (Faculty of Science) (Focusing on Water)
■ Doctor of Philosophy (Faculty of Arts) (Focusing on Water Management)

Mining Industries
PhDs
■ Doctor of Philosophy (Faculty of Engineering) (Focusing on Mining)
■ Doctor of Philosophy (Faculty of Science) (Focusing on Mining)

Rural Livelihoods
Masters programs by coursework
■ Master of Business (Focusing on Supply Chain Management)
■ Master of International Development Practice
■ Master of International Sustainable Tourism Management
■ Master of Management (Focusing on Mining)

Master of Sustainability (including streams in Environment and Governance, Corporate Environmental and Sustainability Management, and International Development and Natural Resource Management).

To find individual course details, entry requirements and career opportunities for all of the above programs please go to monash.edu/study/coursefinder
Take a look at some of our top courses

**Master of International Sustainable Tourism Management**

This course addresses tourism’s potential to be compatible with the achievement of a range of objectives, including developing sustainable organisations, urban and rural development/regeneration, natural resource management and wildlife conservation, and diversifying benefits from international and domestic tourism. It facilitates the development of skills and techniques to develop tourism policies and practices in a global setting and to manage tourism development and enterprises in the direction of more sustainable practice.

**Structure**

This course consists of 36 points of core units at level four, and one 12-point core unit and 36 points of electives at level five. All units are 12 points unless otherwise stated.

**Subjects**

**Level four**

Students must complete:
- APG4389 Tourism industry and marketing
- APG4709 Sustainable tourism development and planning
- APG4710 Cultural tourism and special events.

**Level five**

Students must complete:
- APG5717 Applied industry research
- and one of the following options:

**Option one**

- APG5721 Industry research thesis (24 points)
- 12 points of units at level five chosen from units in the sustainability program*.

**Option two**

12 points of units at level five chosen from units in the sustainability program* plus:
- APG4390 Contemporary tourism development in emerging economies and/or 12 or 24 points of units at level five chosen from units in the tourism**, sustainability* or communications and media studies*** programs
- APG5718 Industry internship or APG5724 Research project.

**Admission requirements**

A bachelor’s degree with a credit average, or qualifications or experience that the faculty considers to be equivalent to or a satisfactory substitute for the above.

**English language requirements for international students**

- IELTS 6.5 overall with no band less than 6.0
- TOEFL (paper based): 550 with a TWE of 4.5
- TOEFL iBT: 79 overall with 21 in writing, 12 in listening, 13 reading and 18 in speaking.

**Location and duration**

Caulfield campus, 2 years.

**Environment and Sustainability electives (All units are 6 points)**

- APG4425 Perspectives on environment and sustainability
- APG4427 Frontiers in sustainability and environment
- APG5426 Environmental analysis
- APG5428 Environmental governance and citizenship
- APG5433 Corporate sustainability management
- APG5434 Sustainability measurement
- APG4627 Research in political ecology
- APG4556 Urbanisation and regional development in the Indo-Pacific rim
- APG4628 Doctrines of development
- APG5804 Environmental revolutions
- APG5805 The art and business of international development
- BTX9100 Sustainability regulation

* These units can be identified via the entry for course 3783.
** These units can be identified via the entry for course 3067.
*** These units can be identified via the entry for course 3064.

**Master of Diplomacy and Trade**

This course aims to contribute to the development of private and public sector managers engaged in international trade, diplomatic staff, workers in international organisations and non-government organisations (NGOs), and other professionals interested in these areas.

**Structure**

The course structure has two main components:
- a set of core subjects in diplomacy and trade
- six electives.

**Subjects**

Students must complete:
- Six core subjects as follows:
  - APG5436 Comparative regionalism
  - BTX5130 International law and policy
  - APG4429 Prosperity, poverty and sustainability in a globalised world
  - MGX5730 International trade policy
  - MGX5760 International institutions and organisations
  - MGX9110 Diplomacy and statecraft.
- Six graduate level subjects subject to course coordinator approval and a maximum of two elective subjects from other faculties.

**Admission requirements**

Applicants must have completed an Australian bachelor’s degree or equivalent qualification.

A Weighted Average Mark (WAM) of 60 per cent, or equivalent Grade Point Average (GPA) as determined by the faculty.

**English requirements for international students**

- IELTS 6.5 overall with no band lower than 6.0
- TOEFL (paper based): 550 with a TWE of 4.5
- TOEFL iBT: 79 overall, 21 in writing, 12 in listening, 13 in reading and 18 in speaking.

**Location and duration**

Caulfield campus, 1.5 years.
Master of Public Policy and Management

This course is designed for managers across all levels of the public sector, in Australia and internationally, who wish to improve service delivery and policy outcomes. Participants may work in the public, not-for-profit or private sector agencies involved in policy and service delivery at intergovernmental, national, regional or local government levels. The course aims to develop managers’ practical knowledge and skills to deal with management and policy analysis issues across the spectrum of public sector activities.

Structure

The course structure has two main components:
- six core subjects in public policy and management
- six electives.

Subjects

Students must complete:
1. six core subjects as follows:
   - MGX5300 Governance
   - MGX5360 Strategic management in the public sector
   - MGX5370 Policy analysis
   - MGX5440 Public sector financial management
   - MGX9230 Public policy
   - MGX9270 Public management.
2. two subjects from the following list:
   - MGX5261 Human resource management issues
   - MGX5551 Strategic human resource management
   - MGX5610 Work and employment relations in a global context
   - MGX5631 International human resource management

- MGX5670 Leadership
- MGX5680 Managerial problem solving and decision making
- MGX5690 Services and operations management
- MGX9220 Work and employment relations
- MGX9600 Managing people and organisations
- MGX9720 Managing organisational change
- MGX9761 Strategic management
- MGX9850 Human resource management.

Admission requirements

- an Australian bachelor degree or equivalent qualification
- a minimum of two years of relevant work experience.

Applications will be ranked on relevant experience and their entire academic record.

English requirements for international students

- IELTS 6.5 overall with no band lower than 6.0
- TOEFL (paper based): 550 with a TWE of 4.5
- TOEFL iBT: 79 overall, 21 in listening, 12 in reading and 18 in speaking.

Location and duration

Caulfield campus, 1.5 years.

Master of International Development Practice

The Master of International Development Practice offers a multi-disciplinary applied approach to the theory and practice of development. Delivered by specialists from Humanities, Social Sciences, Health Sciences, Business and Economics, Education and Law, the program enables project management, leadership skills development and research training within an interdisciplinary core curriculum.

Structure

- Three core development subjects
- A choice of:
  - Industry internship or
  - Research project or
  - Industry research thesis
- Elective units according to specialisation pathways

Required fieldwork, study abroad and internship engagement are strengths of the program.

Specialisations

Students create a general program from the diverse elective options or can specialise in one of the following streams:
- Gender, Conflict and Society
- Democracy, Justice and Governance
- Crisis, Change and Management
- Sustainable Resource Management.

Admission requirements

Applicants must hold an Australian bachelor’s degree with a credit average or an equivalent qualification.

English requirements for international students

- IELTS 6.5 overall with no band less than 6.0
- TOEFL (paper-based): 550 with a TWE of 4.5
- TOEFL iBT: 79 overall, minimum scores of writing 21, listening 12, reading 13, and speaking 18.

Location and duration

Caulfield campus, 2 years.

Monash University is Australia’s largest university with over 62,000 students.
Take a look at some of our top courses

**Master of Sustainability**
(with three specialisations)
This interdisciplinary course is designed to meet the needs of graduates from a wide range of backgrounds who wish to enhance their qualifications for careers in environmental governance, corporate sustainability management, or international development, encompassing policy and analysis, planning, consulting, education, advocacy and management. It is also designed for those who wish to broaden and deepen their understanding and experience to enable societal, organisational and individual change and responsible action to support sustainability both domestically and internationally.

**Specialisations**
The three streams of the Master of Sustainability are:
- Environment and Governance
- Corporate Environmental and Sustainability Management
- International Development and Natural Resource Management.

**Structure**
- One core subject.
- Three or four additional core subjects for each of the individual streams.
- Seven or eight additional elective subjects across faculties. If required, electives may be chosen from level three offerings, but only to a maximum of 12 points. Students must ensure that they complete a total of at least 24 points at level five.
- Students who meet the criteria can undertake research and/or internship project subjects.

**Subjects**
**Stream A – Environment and Governance**
- APG4427 Frontiers in sustainability and environment
- APG5426 Environmental analysis
- APG5428 Environmental governance and citizenship.

**Stream B – Corporate Environmental and Sustainability Management**
- BTX9100 Sustainability regulation
- APG5433 Corporate sustainability management
- APG5434 Sustainability measurement.

**Stream C – International Development and Natural Resource Management**
- APG4627 Research in political ecology
- Either APG4556 Urbanisation and regional development in the Indo-Pacific rim or APG4628 Doctrines of development
- APG5804 Environmental revolutions
- APG5805 The art and business of international development.

**Admission requirements**
A bachelor’s degree with a credit average or a graduate diploma with a credit average.

**English requirements for international students**
- IELTS 6.5 overall with no band lower than 6.0
- TOEFL (paper based): 550 with a TWE of 4.5
- TOEFL iBT: 79 overall, 21 in writing, 12 in listening, 13 in reading and 18 in speaking.

**Location and duration**
Clayton campus, 1.5 years.

**Doctor of Philosophy**
(Faculty of Engineering)
(Focusing on the Australia Awards’ priority sectors)
Candidature in a Doctor of Philosophy involves the independent investigation of a research problem that has been formulated by the candidate. It is expected that the research undertaken will make a significant contribution to the discipline in which the candidate is enrolled. Doctoral candidates are supported by a minimum of two supervisors throughout their candidature.

**Research areas**
Civil Engineering, Electrical and Computer Systems Engineering, Materials Engineering, and Mechanical Engineering.

**Structure**
This course consists of a thesis of up to 100,000 words and a research component.

**Admission requirements**
Master of Engineering by research or Bachelor of Engineering with honours 1 or 2A from Monash University or another recognised tertiary institution judged to be of equivalent standard to an Australian university. Other qualifications can be assessed for equivalence.

**English requirements for international students**
- IELTS 6.5 with no band lower than 6
- TOEFL (paper based): 550 with a TWE of 4.5
- TOEFL iBT: 79 overall, 21 in writing, 12 in listening, 13 in reading and 18 in speaking.

**Location and duration**
Clayton campus, 4 years.
Master of Regulatory Studies

The Master of Regulatory Studies is specifically designed to address the nature, extent and implications of the regulatory environment in a broad, cross-disciplinary approach. The study of regulation is a relatively new discipline which links and transcends the boundaries between economics, law, politics, criminology, sociology, psychology, organisational theory and public administration. This unique degree will provide practitioners and scholars with a core set of ideas, theories and skills to apply to their regulatory activities and manage regulatory challenges.

Structure
- Three core regulatory subjects.
- Five subject from the approved range of regulatory studies elective units.

Subjects

a) Core units
- LAW7313 Regulatory fundamentals: Concepts, constructs and context
- LAW7315 Regulatory methods
- LAW7317 Evaluating what works in regulation.

Additional core units for international students who do not have an Australian undergraduate law degree:
- LAW7436 Introduction to Australian legal process
- LAW7285 Legal research and communication – students will be individually assessed to determine if they are required to complete this unit.

Students admitted to the course with credit must complete a minimum of two core units.

b) Elective subjects
See table on the right.

Admission requirements
- A Bachelor of Laws or equivalent legal qualification, with a minimum credit average; or
- A Bachelor of Laws or equivalent legal qualification and at least two years of relevant work experience; or
- An undergraduate degree or equivalent qualification in any discipline and at least two years of relevant work experience in the area of specialisation.

English requirements for international students
- IELTS 7.0 overall with no band lower than 6.5
- TOEFL (paper based): 550 with a TWE of 4.5
- TOEFL iBT: 94 overall, 24 in writing, 20 in listening, 19 in reading, and 20 in speaking.

Location and duration
City campus, 1 year.

How can I apply for Australia Awards?

Application
The application period opens from February to April each year for the next academic year.

For application dates please go to www.ausaidaaslatam.org/post-empezar_ing.php

When applying you will also have to select a course that matches the chosen priority area. If you want to find a course refer to monash.edu/study/coursefinder

If you have an enquiry about Australia Awards, please contact AusAIDAASLatAm@studyinaustralia.gov.au

Selection
The selection process includes an interview where the following will be assessed: the applicant’s work experience, the link between the undergraduate and graduate programs they wish to undertake and, mainly, the candidate’s potential impact and contribution to the development of their country upon their return.

Requirements
- Be a citizen of one of the participating countries, and be residing in and applying from their country of citizenship at the time of application for the scholarship.
- Not be married, engaged or in a de facto relationship with a person that has permanent residency in Australia or Australian citizenship.
- Not be military personnel.
- Not be applying for another long-term AusAID scholarship unless they have returned to their home country and resided there for twice the length of the total time they were in Australia.
- Not hold or have held an Australian Government funded scholarship (e.g. Endeavour Award) in the preceding two years, at the time of the application.
- Satisfy any specific criteria established by the applicant’s country and/or government of citizenship.
- Be able to meet all requirements established by Australia’s Department of Immigration and Citizenship (DIAC) for obtaining an AusAID student visa.
- Be able to satisfy the admission requirements of the institution at which the Scholarship is to be undertaken.

In addition, applicants from Latin America must meet the following special conditions:
- Have verifiable work experience in one of the priority areas listed in this document.
- Demonstrate their knowledge of the English language through the Academic test IELTS (International English Language Testing System) with a minimum overall score of 6.0 and with a score of no less than 5.5 on the individual tests: Writing, Listening, Speaking and Reading.

For more information visit www.ausaidaaslatam.org/index_esp.php
Supporting every step of your study

Before you arrive

Pre-departure package
To help prepare you for your move to Australia (and Monash), we offer a comprehensive pre-departure package. It is full of information that will help you with the transition to life in Melbourne and is available from AusAID offices in your home country once you have accepted the course offer.

Arranging accommodation
Monash Residential Services provide student accommodation advice and assistance on all five of our Australian campuses.

Information about on or off-campus accommodations is available at: mrs.monash.edu

Please inform the AusAID office in your home country should you need Monash to arrange short-term temporary accommodation for you to use immediately after your arrival.

Free airport pick-up and transfer
We provide a free airport pick-up service to all new international students and their families. To book the service, advise the AusAID office in your home country of your arrival details and a Monash representative will meet you at the airport upon your arrival and take you to your accommodation.

Australian bank account
Monash will open a bank account on your behalf and deposit your Establishment Allowance. Details of the account will be provided upon arrival and you will immediately have access to the fund.

Overseas Student Health Cover (OSHC)
Monash will arrange your Overseas Student Health Cover, which will be valid from the day you arrive in Australia to the expiry of your student visa. If you plan to bring your family on a dependant visa to Australia, you must upgrade your single OSHC to family cover for the duration of your student visa (at your own cost).

On arrival

Introductory Academic Program (IAP)
The IAP is a compulsory component of AusAID scholarships. It is an intensive five-week, full-time program that helps students prepare for life at Monash University, not only academically, but socially and culturally.

Orientation
Orientation (or O-Week as it is often referred to) is a program of information sessions, tours and events for commencing students designed to help you to get to know Monash University and your campus. The program will introduce you to the services and facilities, provide information about studying at Monash and give you the opportunity to make new friends.

AusAID Student Contact Officer (SCO)
Our Student Contact Officer provides a range of services offered only to AusAID students. The SCO offers advice and assistance for your academic and social wellbeing and also can assist in:
- managing your AusAID scholarship entitlements such as the fortnightly stipend payment and academic monitoring
- processing your tutorial or editorial supplementary academic support requests
- booking your reunion, fieldwork or home travel itinerary.

Your life at Monash

Monash Postgraduate Association (MPA)
The Monash Postgraduate Association is the representative body for all postgraduate students enrolled at the University’s Victorian campuses. More information is available at: mpa.monash.edu

Monash Institute of Graduate Research (MIGR)
MIGR provides professional and expert support services for students enrolled in higher degree by research programs, such as:
- seminars and workshops
- orientation programs
- employment and career development
- library learning support
- graduate study centre
- travel grants.

More information in: monash.edu.au/migr

English language or learning support
Learning skills advisers can assist students in improving their academic language and approaches to learning, including academic English, study methods and exam preparation, effective listening and note-taking, problem-solving and critical thinking, reading strategies, essay and thesis writing, writing for research projects, as well as oral communication and presentation.

Monash Connect
Monash Connect offers services during your study or research at Monash, such as:
- administrative services – ID cards, enrolments, fees, graduations, exams, scholarships, parking, travel concessions, official letters and transcripts
- international student support – advice on managing your visa, eCOE, and residency
- financial assistance with loans and grants
- off-campus accommodation – information and guidance.

More information is available at: monash.edu.au/connect

General student support
Extensive support services are available on each campus. Services available include:
- family and child care monash.edu.au/childcare
- health services
- counselling
- legal aid
- employment and career development
- religious services

More information is available at: monash.edu/students/support

Disability support
Monash promotes access and equity for students whose potential to achieve is impacted by their disability or an ongoing medical or mental health condition. Services available include:
- notetakers and Auslan interpreters
- readings in alternative formats
- loan of electric scooters
- adaptive equipment and software
- alternative arrangements for exams
- access to library materials
- accessible accommodation on campus.

Further information:
Web: monash.edu/equity-diversity/disability
Email: dlu@monash.edu
Telephone: +61 3 9905 5704

Bringing your children
You are welcome to bring your children with you to Australia. As an AusAID recipient you may be eligible for an exemption on your children’s school fees. For full details check with the nearest Australian Diplomatic Mission, or check with the Department of Education and Early Education Development:
Web: www.education.vic.gov.au
Telephone: +61 3 9637 2202
